THE STATE OF THE RACE, 1999

By Wally Kastner, Race Director

The weather was perfect. There were no major injuries and thousands of happy runners and walkers experienced the joy, pain and ultimate reward of challenging one of the "world's most difficult marathons."* As one runner aptly put it, "although I was chewed up a little, I survived." Other participants also wrote us to say that running 26.2 miles along the Big Sur coast is an unparalleled emotional and physical experience. My congratulations to all of you.

Our main goal is for the "hype" of our marathon to translate into reality for all who run it. We had a total of 8,877 registered runners and walkers. In the marathon 3,615 people registered and 800 did not show up to pick up their race packets. Of the 2,815 runners that started, 2,620 finished, a consistent 93%. My guess is the lack of subways along the course increased the finish rate.

We are the only major marathon I am aware of that invites constructive criticism through the use of the runner "report cards." This year over 350 marathoners and more than 250 participants from the other events offered their comments on our Marathon, Walk, Relay and 5K. They pointed out the major glitch - our handling of sweats. We had made two major changes in 1999 from prior years, using trucks and numbered cans at the Start instead of buses, and moving the sweats pick-up area from the northern to the southern end of Marathon Flats. Both changes were a big mistake, and we will fix the problem in 2000.

We are asking your help on a second major problem. This year we moved the Marathon bus pick-up points to various Monterey locations, with the Walk participants being picked up at Carmel Middle School. Those of you who have run Big Sur in prior years can probably remember the traffic jam at 4:00 a.m. as thousands of cars attempted to drive down Highway 1 to load from the Middle School, which was the reason for the switch to Monterey. Unfortunately, this year, we

*Wally Kastner,
Race Director*

estimate that almost 150 runners had spouses or friends drive them to the starting line rather than using the buses. This severely impacted our convoy schedules during the race, stranded relay runners for additional hours, and subjected athletes to car and bus fumes unnecessarily. For the 2000 Marathon, no private vehicles will be allowed to drive south of Otter Cove (mile 21) after 4:00 a.m. You must use the buses to get to the Start of the race!

On a more positive note, you gave us high marks on our tremendous volunteers, our T-shirt design, the course itself and the overall organization. The eclectic music on the course was a big hit with a 99% approval rating. Jonathon Lee at Bixby Bridge will remain our musical centerpiece. An Indiana runner told us that hearing the music of Jonathan Lee as she topped Hurricane Point was the high point of her running life, which includes over 50 marathons. One of my friends stated that the belly dancers at mile 25 were so motivating that he increased his last mile pace and qualified for Boston! The Monterey Surfriders, the Pacific Grove Samba Dancers and the Watsonville Taiko drummers will return for 2000. The drummers had such a great time that they will double their number to 12 next year.

Arsenio Ortiz used the perfect running weather and months of training at altitude to win in the second fastest time in our Marathon's history, a blistering 2:19:16. Susan Morris won the Female Division with a 2:52:24. Both said that they would return to defend their titles next year. In the Monterey County Division, two of our Board members placed. Susan Love was second with a time of 3:39:10 and Jim Poulos took third in 3:00:46. Nineteen per cent of the Board of Directors participated in the Director's Run on April 17 or in the Marathon and Power Walk on April 25.

In 1997 the Power Walk had 225 participants. For 2000 we will increase our limit to 500. Our 1997 Relay event had 125 teams. In 1998 we fielded 202. Our limit will continue to be 200. (Don't ask where the other two teams came from!) Many runners commented on the boost that they got from the cheers and energy of the Relay runners while passing through the later exchange points.

The 1999 naming contest was to name

the 1998 El Nino course. Finalists included Michael Graver's "Bach to Bach Movement", David Beauley's "Gone with the Wind" and Diana Cap's and Andrew Altman's "Out and Bach." Our 1999 winner was Jon Merryman of Santa Cruz, California, with "Cliffside Slide in Sea Flat...Sheet Music Available in Trouble and Base Cliff".

Our TV showing of the 1998 Marathon, produced by NewsChannel 46, KION TV, won the AP award for best documentary in 1998. This year's show was even better. We have added additional footage, to include those belly dancers at mile 25, for a total of 45 minutes. If you'd like to relive the runners, music and incredible scenery of the 1999 Big Sur International Marathon see our merchandise page.

Next year is our Fifteenth Anniversary as well as the millennium. We expect all events to sell out quickly. You will receive an entry form in September and online registration will also be available on September 1. In 2000, the field will be limited to 3500 marathon runners.

In closing, Mr. David Griner of New Port Richey, Florida, wrote Hugo Ferlito, Chairman of the Board, and me to say "One of you gentlemen (sorry, I forgot which one), all dressed in your fine blue suit, reached out with a smile and a kind word to shake the hand of this tired but ecstatic runner as I came across the Finish Line. (Thanks for waiting so long!) I have run scores of races, big and small, and that was the first time someone of your stature had done that. That meant a lot to me and sealed your race as the finest I ever experienced." Hugo and I were both at the Finish Line. We felt privileged to congratulate most of you, representing our fantastic Board of Directors, 1,800 plus volunteers, the generous sponsors and the superb folks from Caltrans, who worked tirelessly to get the course ready for you. I hope to see you again at the Finish Line for our fifteenth Big Sur International Marathon on April 30, 2000. Run those hills!

WE GET LETTERS AND E-MAIL

Some of Our Favorite Comments for 1999!

"Felicitaciones por organizar un maratón muy bonito y espectacular."
 ~Oscar Yanez, Mexico

"I have done many things in my 24 years, including coming back from two brain surgeries and graduating from college. Nothing can compare to the feeling of standing at the starting line, watching the doves fly over head, knowing that I was about to set out to conquer the Big Sur course."

~Cory Michael Reding, Marina, CA

"Are there happy moments? You bet! The first mile and, perhaps the last twenty yards. This leaves over 25 miles of effort equivalent in joy to that experienced by Sisyphus."

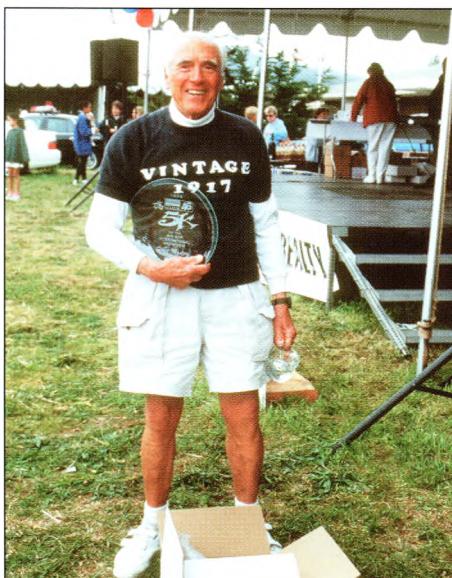

~Murray Burns, Los Angeles, CA

"Get your Gatorade here."

"Spiritual" doesn't even come close to describing how I felt. On the other side, "pain" doesn't even come close to describing how I feel now. But...I would do it all over again...it was truly magnificent. There isn't a thing you could improve upon."

~Sally King, Spokane, WA

Proud Pierre DeHausse, age 82.

"I loved your race. You did a great job putting it on, the scenery was spectacular and you should figure out a way to package and sell the weather to other events. In spite of the fact that I can't walk down stairs or hills yet without great difficulty, I look forward to returning next year."

~Terry Parks, Tacoma, WA

"Although I was chewed up a little, I survived."

~Sandra Gouldson, St. Louis Park, MN

"This was the most awesome experience of my life. Everyone involved did a superb job in making it run smoothly. Thank you! Thank you! Thank you!"

~Lynda Barrow, Atlantic Beach, NJ

"The first time I ran a marathon was in Big Sur last year, and when I finished, I was so happy that I cried. Of course, I had no fluids left in me, so there were no tears, but I was still crying with joy. I ran another marathon last fall, thinking that the experience would be the same. It was nice, but it just wasn't Big Sur. This year, I came back. And the tears came back at the end. 26.2 miles in Big Sur is an unparalleled emotional and physical experience."

~Josh Johnson, Mountain View, CA

"Great scenery! My expectations were probably too high and you exceeded them. Incredible vistas, fantastic entertainment and unbelievable volunteers."

~ Tom Griffiths, Ravenna, OH

"0845 hours, summit of Hurricane Point: Litling bagpipes express the celebration I would incite had I the breath. Look back to see where you've been. A glance to the left reveals a 500' drop to the rocks and pounding surf, distracting me from (and ultimately justifying) any fatigue. I am coming back next year."

~ Michael K. Ray, San Francisco, CA

"Great people, great course, great time! Extremely challenging!"

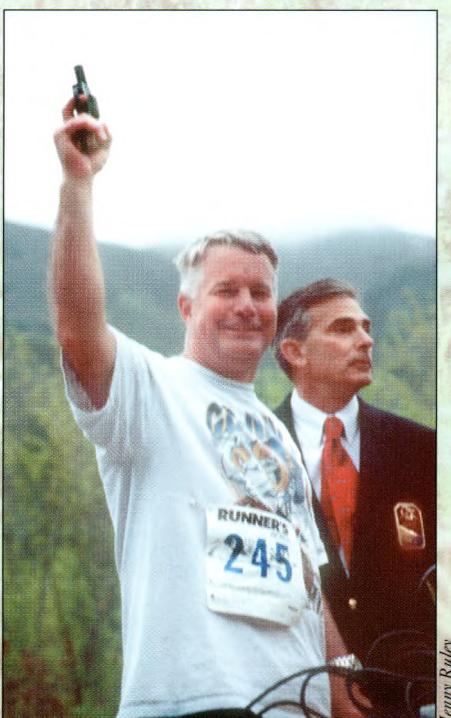

~ Dick Hack, Angola, IN

"Big Sur was my first marathon and someday it will be my last. It holds a special place in my heart. Not too many people who do marathons repeat a run, but 1999 was my 6th Big Sur and as long as my body is in forward motion, Big Sur is one that I will do. The course, the people, the weather, the sounds and the attitude all contribute to an amazing run with an amazing view, even in the fog!"

~ Keren Noble, Ontario, Canada

As staff members of the LA Olympic Organizing Committee, we appreciate a tricky event well organized and executed. Bravo! Big Sur is first rate!

GRIZZLED VETS

An Unrelenting Band of Stalwart Souls Who've Started and Finished Every Big Sur International Marathon

1999 Grizzled Vets

Jenny Riley

“The older you get, the better you realize you were.”

With each passing year, the personal stakes become greater. A heightened sense of determination gathers momentum as the long-standing ritual is repeated over and over again. This annual competition between mind, body and soul qualifies as a time honored pilgrimage for our remaining 39 Grizzled Vets. The last weekend in April offers them a chance to reflect, meet new friends and reunite along that beautiful ribbon of asphalt one more time - something we've admired for fourteen consecutive years! ☺

The end of the line for the 1999 Big Sur Marathon.

THE RELAY-ANOTHER SELL OUT

Get Your Teams Early for 2000

The Relay sold out for the second year in a row, despite an increase from 150 to 200 teams in 1999.

We anticipate another "full house" by the end of March, 2000. A majority of runners welcomed the return to the traditional "point-to-point" course along with this year's exceptional weather. In response to concerns voiced by many Relay runners, we are currently working on correcting two problem areas of this event. For the Relay

"The Climb"

2000 we plan to reduce the amount of time runners are left on the course after finishing their legs, as well as reuniting runners with their "sweats" in a more timely fashion. We have the cooperation of the California Department of Transportation and the California Highway Patrol and fully expect the convoys to run as scheduled next year. We also plan to have dedicated "Relay Sweat Vans" for each leg of the race.

Looking forward to seeing you again in 2000! ☺

NEWSCHANNEL 46 5K RUN

An Abundance of Winners!

A record 2,013 finishers enjoyed fantastic weather at one of the most scenic 5K courses in the United States. Brian Buscay, 26, of Carson City, Nevada, took top honors in a time of 14:54, a mere two seconds ahead of Bill Bushnell, 30, of Sausalito, California. In the women's division, Katy Spink of Palo Alto, California, age 24, with a winning time of 17:11, held a solid seven second lead over second place winner, Chris Lundy of Sausalito, California.

5K finish

The runners weren't the only winners at the NewsChannel 46 5K. \$6,750 was awarded to various Monterey County schools based upon their levels of participation in this race. Residents along the course were hand delivered flyers about the event and were able to witness this fantastic race first hand. In fact, the whole community "wins" with a race like the NewsChannel 46 5K. Hotel operators, restaurant owners and other businesses realize additional income from the many out-of-town visitors. Funds from the 5K and other Marathon events are fed directly into the community via the many grant recipients.

A special thanks to our volunteers, whose investment of many long hours of hard work paid off handsomely in terms of our smoothest ever 5K Start, a safe course with no serious mishaps, a glitch-free Finish Line operation and a swift and efficient awards presentation. Please give a tip of your hat to these dedicated volunteers when you see them. A special thanks also to NewsChannel 46 and our other sponsors who keep this 5K going each year. ☺

~Pete League,
1999 NewsChannel 46 5K Race Director

THE 1999 POWER WALK

By Kathleen Kastner

April 25, 1999 was the perfect day for a challenging walk. Mother Nature waved her magic wand and provided the walkers with the right temperature from Start to Finish, the perfect blend of blues and greens in the ocean to gaze upon, and just the right words of encouragement from the bovine spectators ("Moo... Moo... you're looking great!"). There was no wind to speak of and the camaraderie of fellow walkers carried them 21 miles to the Finish Line.

Thanks to all of you who returned report cards and letters! Your input helps us to improve the Power Walk from year to year and to provide you with the best experience possible. The year 2000 will probably see the 21-Mile Power Walk expanded to 500 entries, entertainment at the Start, and a Finish clock with the correct time.

Part of our mission statement is to

Start of the Power Walk.

promote health and fitness, and whatever your reasons for walking, keep it up and join us again next year for a walk along the edge of the western world. BSIM wishes to extend special recognition to the seven grizzled Power Walkers who have completed

all five 21-Mile Power Walks:
Chris Banks, Kathleen Kastner,
Claudia McCord, Karen Munninghoff,
Paul Munninghoff, Frances Rice,
and Kristi Wheeler. ☺

THE WALK

10.6 to 13.1 Miles of Sur Real Coastline

Walkers were treated to a "Feast of Flowers" along the course.

The newly designed 1999 "La Nina" course remained as challenging and spectacularly beautiful as its predecessors, the 7- and 10-mile courses. The new course layout resolves many of The Walk's logistical problems without detracting from the overall experience walkers have come to expect. Beginning at Rocky Point Restaurant, walkers were able not only to enjoy fresh coffee and warm rolls, but to gaze southward at the rugged coastline with views of Hurricane Point and Pt. Sur. Before reaching the Finish Line at Marathon Flats, walkers had the opportunity to enjoy pine and cypress groves as well as meander through the surf at the Carmel River State Beach. The combination of exceptional weather and enthusiastic participants, coupled with the breathtaking scenery of the Big Sur coast, made the 1999 Walk a "keeper."

We look forward to walking again in 2000. ☺

~Ward and Sharon Gillette, Walk Directors

First Time Marathoners Learn How to Succeed at 26.2 Miles Along the Big Sur Coastline

The inaugural Big Sur Marathon Race Clinic proved to be a huge success, with about seventy people finishing this year's Marathon. The six-month clinic, headed by veteran marathoner Mike Dove, covered topics including training advice, diet and footwear, as well as the expertise of the local running community to provide both motivation and inspiration. An additional focus of the clinic was to encourage those who went the distance, both in attending the clinic and by finishing the Marathon, to continue to make running and the healthy life-style habits that accompany it a part of their lives. The camaraderie of the "once

rookie," now "accomplished marathoner," was an extra bonus.

A new clinic for the year 2000 Big Sur International Marathon will begin on November 16, 1999 at 7:00 in Conference Room A of the Community Hospital of the Monterey Peninsula. Please plan on coming and bringing a friend. Big Sur vets and Big Sur hopefuls will be welcomed. We promise both motivation and inspiration!

OUR VOLUNTEERS

We Couldn't Do It without Them!

Volunteer aids eventual winner Arsenio Ortiz.

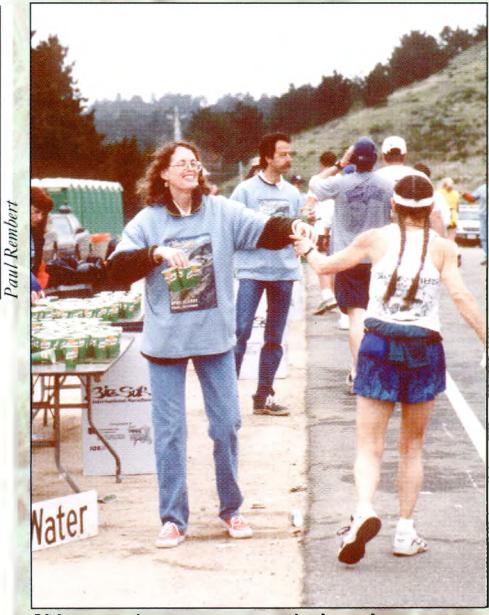

Will Wallace

They hand out race packets at the Expo and water and Gatorade along the Marathon course. They direct traffic and pick up thousands of discarded cups and GU packets and give a smile and a medal to those exhausted runners finishing their race. They serve pasta at the Carbo Dinner and call out splits each mile along the course. They cheer on the runners and walkers, offering encouragement as well as fluids. Many arise at 3:00 a.m. race morning, if they've gone to bed at all. They include school children and senior citizens, men and women, but all are willing to pitch in and do whatever is necessary, not only on race day, but in the weeks preceding the event. Without their help the Big Sur International Marathon would not be the world class event that it is and we offer our deepest thanks to all of the Volunteers.

Many of our Volunteers have been with us since the inaugural marathon, others are first timers. Many have friends or family participating in one

RESULTS AND MAILINGS

Runners and walkers alike share the same road at The Big Sur Marathon.

Douglas Steckley

We are pleased to report that the results shown in this publication are nearly 100% correct. We say "nearly" because we recognize that a few of the names may be out of order and that some individuals who completed one of our events may not be included. This happens for a variety of reasons, including human error, and participants' tags somehow lost, misplaced or mutilated. It is also possible that people went through the wrong chute and their tags ended up out of sequence and missed being put in the proper order prior to the publication of these results.

If we did miss your name or put it in the wrong place, we apologize! Please let us know if this happened to you by sending a card or letter to the Big Sur International Marathon, P.O. Box 222620, Carmel, CA, 93922. Give us your name, bib number, the event you competed in, your estimated finish time and your age on race day.

THE FOURTEENTH PRESENTATION OF THE

Congratulations!

This will certify that

has completed the Big Sur International Marathon, a 26.2 mile footrace.

As a finisher of the course along Highway One, you are now a member of the Big Sur International Marathon Club. Membership is limited to those runners who have finished the distance. You have accomplished a major athletic feat; very, very few people in the world can say they have completed a marathon. You can say you ran the best.

In witness whereof, I have set my hand this 26th day of April, 1999.

A handwritten signature in black ink that reads "Wally Kastner".

WALLY KASTNER, RACE DIRECTOR
